

A Level Sociology

Considering we are all individuals, we all live remarkably similar lives:

We more or less agree about what is right and wrong or do we?
We have all experienced education in schools, yet we all have different experiences
We all know how to behave in public, yet some of us commit crime

However do you ever ask **WHY** things happen in society? Study sociology to find the answer to the questions you never thought you wanted to ask.

The A level requires that you to complete all 3 examinations at the end of the 2 year course.

- ❖ UNIT 1 – **Education and Sociological Methods**
- ❖ UNIT 2 – **Culture and Identity and Mass Media**
- ❖ UNIT 3 - **Crime and Deviance and Theory and Methods**

How do the above relate to the study of sociology? Ask at the open evening or find Mr Griffiths/Mr Alberry to find the answers.

Progression onto A Level Sociology will require at least 5 GCSEs, or equivalent, at grade C or above and students would preferably have achieved a grade C at GCSE English Language. Please talk to the Head of Department if you are interested in this subject.

Have you ever looked at people and wondered why they act in the way they do? If the answer is yes, then this is the course for you!
